

Supporting the Tibetan Buddhist Society through Membership

A number of benefits are gained through membership of the Tibetan Buddhist Society Sydney Supporters Association. In addition to assisting the society to fulfil its main goal of developing and preserving the pure Mahayana Buddhist teachings as taught by Venerable Geshe Acharya Thubten Loden, Association members are entitled to full use of our library of Mahayana teachings. They are also invited to an annual complimentary afternoon tea, held to provide an opportunity to hear about the centre's developments regarding its direction and growth. Membership falls due for renewal at the end of October. If you have joined after May, your membership will remain current until October of the following year.
